

STC

# Are You One Of Us?

You hold the title of **technical writer, usability specialist, or documentation specialist**. Or maybe you have no title, but you are in charge of the user documentation—user manuals, online help, Web pages, training materials—that your company produces.

The **Society for Technical Communication (STC)** can help you enhance your skills and add value to your job. STC is the world's largest professional association for technical communicators. See what STC can do for you at [www.stc.org](http://www.stc.org).

Come to a meeting of the **STC SC Midlands Chapter**.

Visit us at [www.stc-sc.org](http://www.stc-sc.org).

We'd love to communicate with you.
